

PRESEMITTEILUNG

Price jump at the TK Cycling Tour is approaching

Only until Friday (June 30) the favorable "Sunshine Boost" rate of the TK Cycling Tour is valid. With July, the prices for the starting places increase by 10 euros. Who would like to save, registers fast on cycling.deutschland-tour.com. This year, the TK Cycling Tour will take place in Bremen on August 27.

The grand finale Sunday of the Deutschland Tour begins again this year with the cycling fans riding themselves. The 3,000 participants can choose from two flat routes - either 106 or 66 kilometers. Both the long **"Weser Round"** and the shorter **"Bremen Round"** start at the Weser Stadium. On closed-off roads, both courses lead south of the Hanseatic city through Lower Saxony. For the finale, it's back to Bremen. In the Überseestadt, all participants of the TK Cycling Tour will be welcomed by cheering fans on the home stretch in Konsul-Smidt-Straße.

Those who don't want to miss out on the unique Bremen cycling experience can book their starting place at cycling.deutschland-tour.com. Those who register by Friday will book at a lower rate. Because from July 1, the "Cycling Summer" rate applies for the rest of the summer.

Deutschland Tour-Finale as a corporate experience

The TK Cycling Tour also offers a unique experience for companies, company sports groups and departments from the region. The short, flat "Bremer Runde" can be ridden by everyone without difficulty. Hardly any altitude difference and lots of applause are the perfect ingredients for team building that welds together. Companies can find the right "Business Class" offer at: www.deutschland-tour.com/de/cyclingtour/corporate.
